

B Restored NA Benefits

REVISION 06
(10/01/08 - 12/31/08)

Restored NA benefits are issued when it is discovered that the budgetary unit is entitled to them and the NA case is in either a denied or closed status. The budgetary unit is not required to take any action.

NOTE When CA or NA are in open status see [Supplemental Benefits](#).

Restored NA benefits are issued to an NA budgetary unit when ALL of the following conditions are met:

- The budgetary unit was [underpaid](#)
- The loss was FAA caused
- The benefits in question are not for the current month

(See [Calculating the Underpayment](#))

Participants residing in the original budgetary unit at the time the loss occurred may currently be receiving NA in another budgetary unit. When this occurs, restore benefits to the budgetary unit that has the majority of the participants of the original budgetary unit.

When the local office cannot locate or determine which budgetary unit includes the majority of budgetary unit participants, restore benefits to the budgetary unit that included the PI at the time the loss occurred.

Restore NA benefits for NOT MORE than 12 months PRIOR to whichever of the following occurs first:

- The date FAA received a request for restoration of benefits from a budgetary unit.
- The date FAA was notified or discovered that a loss of benefits occurred.
- The date the budgetary unit requested a [fair hearing](#) because it disagreed with an adverse action that resulted in a loss of benefits.
- The date of notification that an [Intentional Program Violation](#) (IPV) disqualification was reversed.

- The date the budgetary unit receives a favorable decision through the fair hearing process, a judicial action, or other court action.

EXCEPTION

Categorically eligible (Basic or Expanded) budgetary units are not limited to the 12-month provision. NA benefits can be restored from December 23, 1985 to present when the budgetary unit is categorically eligible.
