CHSP Indicator on HOSC

12/29/2015

This NEWS FLASH is being issued to remind staff that the HOUSEHOLD SYSTEM CHECK (HOSC) screen contains a DETAILED REPORT FOR section which displays a CHSP indicator.

Support income information is available on the CHILD SUPPORT PAYMENT HISTORY (CHSP) screen in AZTECS. When this information is on CHSP, the HOSC screen displays the following in the DETAILED REPORT FOR section:

DETAILED REPORT FOR:

ININ: REVIEW WTPY, EMVI
EMVI REQUEST DATE: 20151118
→ CHSP: REVIEW CHILD SUPPORT PAYMENT SCREENS
AFIP DATE: 01/28/2011

The receipt of support income **MUST** be explored when there are children in the home with an absent parent. In some instances the participant may be receiving arrearages for an adult child or support income for a child no longer in the home.

FAA staff are required to review the HOSC screen before completing a determination in AZTECS. A HOSC screen print is required prior to any approvals, denials, closures or changes being authorized in AZTECS.

NOTE: This information may not be on CHSP and therefore not indicated on HOSC.

This reminder is being issued as a result of the discovery that many AZTECS cases have participants receiving support income, however, that income is not keyed.

When reviewing HOSC check the CHSP indicator. When receipt of support income is indicated, review CHSP for support income types and amounts and ensure this information is keyed correctly on UNIN.

Please contact the FAA Policy Support Team by phone at (602) 774-5523 or by e-mail at FAAPolicyMgmt@azdes.gov with any questions or concerns regarding this broadcast.

Please consider the environment before printing this broadcast.
